REPORT OF SUPERINTENDENT

*To the Superintending School Committee and the
Citizens of the Jefferson School District:*

Foreword

Life's greatest mistake, according to a recent Gallup poll, is in not getting enough education. Pollers found that more men and women listed that omission than any other, as being responsible for their hardships.

"To neglect our school system would be a crime against the future. Such neglect could well be more disastrous to all our freedoms than the most formidable armed assault on our physical defenses. Where the schools are concerned, no external threat can excuse negligence; no menace can justify a halt to progress," said Dwight D. Eisenhower.

In these trying times our schools should devote themselves directly to the great fundamental purposes of education—the preparation of intelligent citizens who understand, believe in, and practice the ideals of democracy—the preservation of national unity; the development of a sense of responsibility for common welfare; and the maintenance of sound, wholesome community life.

Education for all the people is America's noblest contribution to civilization. Today there is a mounting tide of sentiment in behalf of better education. As surely as children grow, the schools must go on. Education cannot wait.

Teachers

There was, during the year, but a single change in the teaching staff of the district. Shirley Ingerson resigned and was replaced by Rubena Durkee as teacher at the Meadows School. Mrs. Durkee is a teacher of many years of experience. The other teachers are: Normand Madore, principal—grades 7-8; Molly Phipps, grades 5-6; Marguerite Ayling, grades 3-4 and Louie Carlisle, grades 1-2, all at the Hill School.

Notes on The Budget

The School Board's total budget for 1952-53 is \$33,780.50. As compared with \$29,807.63 for last year and \$30,238.00 for 1949-50. Practically all the items in the budget remained the same with the exception of teachers and janitors salaries, transportation, and tuition. The janitors were granted a pay increase during the past summer and the increase in the teachers' salaries reflects the annual increments. Both transportation routes were up for bids in 1951 and the new figure indicates the contract price for the next three year period. Additional tuition costs are due in part to an increase in the number of pupils and in part to an increase in the tuition rate.

While the total budget is \$33,780.50 it will be reduced by any state aid allocated to the district.

No special articles have been introduced into the warrant. The school board was especially disappointed when the State Tax Commission saw fit to apply to June 30, 1951 balance to reduce the 1951-52 appropriation. They had hoped that the balance might be used in order to reduce the rise in taxes during the year 1952-53.

Tuition

There were, at the opening of school in September 40 pupils enrolled at Lancaster High School. This represents a substantial gain of eight over the preceding year. Of those at Lancaster, 9 are seniors, 5 are juniors, 8 are sophomores and 18 are freshmen. With 18 in grade 8 at the Hill School it looks like another very substantial increase in the number of tuition pupils next fall. The Lancaster High School tuition rate for 1950-51 is \$175.00 per pupil.

Enrollment and Attendance

There are, at this writing, 100 enrolled at the two schools. Of these, 81 are at the Hill and 19 at the Meadows School. This figure represents a decrease of nine from this period last year and twenty under two years ago.

The percentages of attendance were in every case rather low. The State Department of Educa-

tion considers 97 or better as worthy of a special commendation. Three of the rooms attained slightly better than 94 per cent. There were but 51 cases of tardiness in the two schools for the year. This is a most commendable tardiness record.

School Calendar

It is proposed that the school board adopt the following school calendar for 1952-53.

First Term (76 days)

September 3, Wednesday, School Opens
November 26, Wednesday, Closing 12:30
November 27, 28, Thanksgiving Recess
December 19, Friday, School Closes

Second Term (35 days)

January 5, Monday, School Opens
February 20, Friday, School Closes

Third Term (34 days)

March 2, Monday, School Opens
April 3, Good Friday, Closed
April 17, Friday, School Closes

Fourth Term (35 days)

April 27, Monday, School Opens
June 12, Friday, School Closes

SCHOOL YEAR, 180 DAYS

Buildings and Equipment

The two buildings are in fairly good repair. During the summer months the usual minor repairs, improvements, and thorough cleaning were undertaken.

New sets of swings were installed at both schools. Two new sets of reference books were bought for the fifth and sixth grade room at the Hill School.

I feel sure that everyone is aware of the fact that both buildings will before too long outlive their usefulness. Some serious thought should be given as to the future school house needs of the community.

Conclusion

It has been said that the people of the United States could be divided into three groups—the small group who makes things happen—the large group who watch things happen—and the enormous group

who do not know what happens. I hope that the educational opportunities of our schools are such that our boys and girls will become a part of that small group who make things happen.

I take this opportunity to express my appreciation to the members of the school board, parents, teachers, and citizens for their support in our common effort to maintain good schools.

Respectfully submitted.

ALBERT P. KNIGHTLY,
Superintendent of Schools.
